PAPERS LAID ON THE TABLE

Sri RAMAKRISHNA HEGDE (Minister for Development, Panchayat Raj and Co-operation).—Sir, I lay Notification No. DPC 122 LS 61, dated 17th October 1963 (taking power to exercise control over the business of the M/s. Dharwar District Co-operative Oilseeds Processing Society, Ltd., Gadag, District Dharwar) as required under section 130 of the Mysore Co-operative Societies Act, 1959.

Member's Representation.

Sri K. S. SURYANARAYANA RAO.—Sir, with your permission I want to say something. The point is Rule 223 and nothing else. It says, you can make a personal explanation though there is no question before the Assembly. So, even though the Speaker does not know what is in the mind of the Member, even then it is permissible. But, here the person against whom the allegation is made has subjected himself to supply a copy to the Speaker.

Mr. SPEAKER.—Will he kindly read, not now but later when he is free and when his mind is very receptive, the entire rule ?

Sri K. S. SURYANARAYANA RAO.—In this particular case, there is no provision. The Speaker may take any action that he deems fit.

Mr. SPEAKER.—Perhaps, I have not made myself clear. Now, let the Hon'ble Member remember this much. The statement that is mentioned is with regard the allegations made by one Member against another. Now, this member against whom certain allegations have been made is going to make a statement, if that statement compares allegations against the other, what should be done? So, I said, 'I want a copy of the statement'. If the statement that is going to be made by Sri Kadidal Manjappa contains anything against the member Sri Linge Gowda then ?

[MR. DEPUTY SPEAKER in the Chair.]
